REGISTRATION OF VEHICLE APPLICATION

EXISTING NUMBER: Confirmation of Vehicle Particulars.

OWNER OF MACHINE

If a registration number is affixed to your vehicle and you wish to find out that it is still available to use for it, then please state that number here. An original logbook, unfortunately, if the vehicle isn't currently registered with DVLA, will not automatically assume that number is available for your vehicle.

The above information is all required. Photographs where possible must be included with your application.

Please note that if requested by DVLA, a visual inspection may be necessary to confirm the authenticity of the application. Inevitably a charge will be required for this service.

We, the BMB President Tractor Club, suggest that this is done as a matter of course, relevant to distances travelled.

I authorise the BMB President Tractor Club, to contact DVLA on my behalf to obtain an age related registration number relevant to my machine as details shown above.
